OBJECTIVE

I am a Software Engineering student and I am looking for opportunities for professional and personal growth. My best qualities are generosity, leadership, perseverance, communication and proactivity. My best technologies are React and Java Spring boot.

WORK EXPERIENCE

7COMm - People and tech to transform

(November 2021 - Present)

internship

- Software development using React and Java Spring boot
- Software maintenance using React and .Net

EDUCATION

Universidade de Brasília - UNB

(March 2019 - December 2023)

Bachelor Software Engineering

PROJECTS

Revisaê

A web application to automate document revisions based on a user-created and customizable template.

Hortum App

<https://fga-eps-mds.github.io/2020.2-Hortum/>

The Hortum project is an application for Android phones, which seeks to facilitate and promote the sale and distribution of goods from small producers. Where I participated as a Developer and DevOps.
